

## Dear Praying Friends in Europe,

**How do we leave a strong and powerful spiritual legacy for the next generation, in the midst of moral disintegration in Europe and Israel?**

This question was exactly what concerned me the moment I discovered that I was to become a grandmother. I asked the Lord again and again: How can I be the best grandmother for my grandchild, in such a time as this? One day after her birth, the answer came: "Pray for her; that is one of the most valuable things you can do!"

At that moment, I decided to write a prayer booklet for my grandchild. When she is grown up, I will present it to her. What a precious gift – a legacy of prayer! Inspired by the Psalms as a framework, I embarked on this project. It was quite an adventure. Not only my heart was changed. I experienced how these millennia-old, biblically-inspired prayers awakened my faith and a deep trust in God, that these prayers would have an impact beyond my thoughts and understanding into the future of my granddaughter – even when I am no longer here. Do you pray with God's word? There is nothing more powerful than to speak out God's truth and will over the lives of the next generation.

I so well remember our little daughter's first day at kindergarten: having dropped her off, my husband and I prayed for protection for her. Then when my husband left for work, and I stayed alone with the younger children, suddenly I felt a huge burden on my heart to pray for her. Not just a quick prayer as we always do, I realized it needs powerful prayer and I needed another mom.

That was the start of an adventure I never dreamed of. I became part of Moms in Prayer. Today over 1400 Moms in Prayer groups pray in our small country, Switzerland, and many more over Europe and the World! I have seen miracles and changes because of the simple fact of mothers united in prayer, in little prayer groups all over Europe and Israel. Prayer is the most effective weapon to change our society and stand against evil influences.

### Moms in Prayer International

Moms in Prayer International is a worldwide interdenominational Christian prayer ministry, founded by Fern Nichols in 1984 and led today by Sally Burke. It is made up of mothers, grandmothers, aunts, and women with a heart to pray for children and schools, who meet for one hour a week to pray scripturally for children and schools. By God's grace we impact children and schools worldwide for Christ and our vision is that every school in the world would be covered in prayer.

Today's children and teachers face many challenges in a society and school system without God at the centre. However, Satan trembles when he sees the weakest saint on their knees, for he knows he has no power against our prayers that are prayed according to God's will.

If you are interested in taking part in this worldwide army of praying moms, please see <https://www.momsinprayer.eu>

### Let us Pray:

- That our children will receive Jesus as Lord and Saviour, then stand boldly in their faith, and that our schools will be directed by biblical values
- For Christian teachers and staff, that they will not be pressured into teaching values against their consciences, but can stay true to their faith in Jesus and witness to Him
- Ask God to expose the deception and lies behind the 'politically correct' ideologies that are strong in many European countries
- That Moms in Prayer will provide support and encouragement to mothers who carry heavy burdens for their children; and be an encouragement and positive support to our schools.

## Wonderful news, Päivi Räsänen won!

The Finnish appeal court has just unanimously dismissed all charges against Christian parliamentarian Päivi Räsänen and Bishop Juhana Pohjola. They were accused of 'hate speech', having publicly expressed their Christian beliefs. See the [adfinternational.org](http://adfinternational.org) website.

Also, in May, the case against Pastor Akil Pano in Albania was dropped.

These are two battles that have been won, but there will be more to fight. So we need to keep praying for freedom to publicly express our beliefs.

### Further Prayer

1. Pray for Slovakia's new government, led by leftist Robert Fico, who has promised to end military support for Ukraine.
2. Pray for governments being formed in Poland and Spain. Coalition negotiations are continuing in Poland. And in Spain, the Socialist party has secured a majority coalition by including the Catalan separatist parties.
